Divine Dog Wisdom Cards are designed to inspire and delight you while offering meaningful guidance for your day and your life. 62 unique cards portray universal themes such as Passion, Purpose, Balance, Cooperation, and more. This deck and accompanying guidebook offers users a fun yet deeply insightful and stunningly beautiful work of the heart.

Divine Dog Wisdom Cards and Guidebook make the universal wisdom and voice of our own soul more accessible by presenting messages and ideas through the playful, soft, and loving nature of dogs. Dogs don't judge us and remind us not to judge ourselves. Dogs are a source of unconditional love – an extension of Spirit in another form. This deck and guidebook is especially wonderful for those learning to use and incorporate wisdom cards into their daily lives, their personal development, and their emerging spiritual practice.

"The Divine Dog Wisdom Cards are a refreshing breath of air among the plethora of oracle cards available today. You'll enjoy the illustrations and find them to be exceedingly accurate. If you've ever had a dog in your household or have one now, you'll easily succumb to the charm and intelligence of these cards."

I never thought it would happen, but the Divine Wisdom Dog Deck replaced the Angel Cards in my bathroom. They are amazing. Each card displays a positive word / affirmation and a picture of a different dog breed. If you want additional information, there is a great guide book that comes along with them. I LOVE my Divine Wisdom Dog Deck! A perfect addition to any home or gift for the dog-lover in your life.

I own Joy Inc, Art and Tea and always have a deck out for customers to pick a card. Regular customers come daily for their reading and purchase their tea and new customers purchase the cards. We are a small store but the number one retailer of Divine Dog Wisdom Cards in Durango, Colorado, selling in five months over 100 decks. These cards engage people immediately, they learn something about themselves and often purchase more items in the store. People who have never used an Oracle or Wisdom Deck want these and more. They are a staple product along with our great selection of teas!
